GREETINGS FROM THE CHELAN COUNTY FAIR PRESIDENT

“Let the Good Times Grow” this year at the 2015 Chelan County Fair. The board of directors and I would like to welcome you and your family to a weekend packed full of fun. Stroll through the many vendors for a great selection of food, drinks, and must haves. Visit the junior sportsman show and watch your kid(s) catch “the big one” at the fish pond. Relax in the wine garden or grab a seat during one of the numerous stage shows that are sure to please. Saunter through the exhibition buildings overflowing with live animals, crafts, photography, floriculture, and horticulture. Every year the amazing talents of 4-H and FFA members, area youth and adults fill these buildings. You can thrill seek at the carnival or grab a bidder number and win big at Saturday’s livestock auction. Remember to “Let the Good Times Grow” and thank you for supporting the Chelan County Fair, so that we may continue growing.

Sincerely,
Chelan County Fair Board President
Mike Hedrich

IAFE (International Association of Fairs & Expositions) NATIONAL CODE OF SHOW RING ETHICS

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the —IAFE National Code of Show Ring Ethics, || fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial, and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards, and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from the competition at all livestock shows in the United States and Canada.

Animals not entered in the event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event. If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in questions, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of the animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.

DEPARTMENT 151 - VEGETABLES

Suggestions for selecting vegetables and fruit for fair exhibitions – Select exhibits carefully and that are uniform. Avoid specimens that are bruised or blemished in any way. **For help in choosing, displaying and getting vegetables to the fair pick up FORM EB1103 at the Chelan County Extension Office.**

ROOTS: Leave tops approximately 1" long on crops such as carrots, beets, parsnips, turnips, celery, and onions. Wash carefully.

BEANS: Tender and without strings, uniformity is extremely important (no noticeable bulges due to enclosed beans).

CABBAGE: When peeling, leave one set of leaves that will be removed in preparing the cabbage for the table.

CARROTS: Avoid injury by severe washing; smoothness and a genuine carrot color usually accompany good quality.

CORN: Cut straight with tips and butts of full size and filled to the end, all husks must be removed.

CUCUMBERS: Use knife when picking, leave ½" of stem on.

EGGPLANT: Uniform, dark color.

ONIONS: Should be dry, remove only as many outer husks as necessary to make onions look clean and attractive, roots may or may not be removed; leave a one inch top.

PARSNIPS: Avoid breaking tips; two to three inches diameter at crown is best.

PEPPERS: May be exhibited in green stage or ripe stage.

POTATOES: Good average commercial size; dig and wash carefully.

PUMPKINS AND SQUASH: Exhibit varieties called for; when ripe, shell is too hard to be pierced with thumbnail; harvest with knife; leave one to two inches of stem.

TOMATOES: Green stem may or may not be removed; use scissors when picking.

TURNIPS: Good average size; do not remove tails.

Be sure to bring the correct number of items per each class.

DEPARTMENT 415 – Vegetables

Suggestions for selecting vegetables and fruit for fair exhibitions. Select exhibits that are uniform. Avoid specimens that are bruised or blemished.

ROOTS: Leave tops approximately 1" long on carrots, beets, parsnips, turnips, celery, and onions.

BEANS: Tender and without strings, uniformity is extremely important (no noticeable bulges due to enclosed beans).

CABBAGE: When peeling, leave one set of leaves that will be removed in preparing the cabbage for the table.

CARROTS: Avoid injury by severe washing; smoothness and a genuine carrot color usually accompany good quality.

CORN: Cut straight with tips and butts of full size and filled to the end, all husks must be removed.

CUCUMBERS: Use a knife when picking, leave ½ " of stem on.

EGGPLANT: Uniform, dark color.

ONIONS: Should be dry, remove only as much outer layer as necessary to make onion look clean, roots may or may not be removed; leave 1" top.

PARSNIPS: Avoid breaking tips; two to three inches diameter at crown is best.

PEPPERS: May be exhibited in green or ripe stage.

POTATOES: Good average commercial size; dig and wash carefully.

PUMPKINS AND SQUASH: Exhibit varieties called for; when ripe, shell should be hard to pierce with thumbnail. Harvest with knife, leave one to two inches of stem.

TOMATOES: Green stem may or may not be removed; use scissors when picking.

TURNIPS: Good average size; do not remove tails.

BE SURE TO BRING THE CORRECT NUMBER OF ITEMS PER EACH LOT.

DEPARTMENT 700 – FFA

Rod Cool – Director in Charge

The National FFA Organization believes that livestock exhibition and judging competitions offer significant opportunities for the personal, social and career growth of its members. Participation in all competitive events requires the highest personal standards of ethics, integrity and fair play as called for in the FFA Code of Ethics. FFA members are expected to comply with the specific rules of each competition and to adhere to the National Show Ring Code of Ethics. Additionally, FFA does not condone or tolerate abuse or mistreatment of animals in any form in its activities, programs, or competitions. The organization actively supports the training and education of FFA members and advisors in the proper ethical behavior for livestock competitions and in the application of sound and humane principles of animal husbandry.

GENERAL RULES FOR ALL 4-H ANIMAL EXHIBITS

A 4-H member must fit and show one animal in each type of animal he/she is exhibiting at Fair, for instance, one rabbit and one sheep. Failure to do so will result in the elimination of all premium points for that animal.

STALL RESERVATIONS AND DEADLINES

On or before July 15 each 4-H Club Leader must send to the Fair Office a written list of the number of stalls or cages that will be needed for their club. The fee for stalls and cages is as follows:

All large animals: Market and Breeding Sheep, Market and Breeding Swine, Market and Breeding Beef, Horses, Goats and specialty animals will be assessed a \$12.00 per head non-refundable entry fee. This fee will be assessed to the 4-H clubs from which the animals were exhibited.

All small animals: Poultry, rabbits, caviars, rodents, dogs and other small specialty animals will be assessed a \$1.00 fee per cage non-refundable entry fee. This fee will be assessed to the 4-H clubs from which the animals were exhibited.

Space for animals is not guaranteed after July 15.

Entry forms for large animals and entry cards for small animals and related contests (herdsmanship, fitting and showing, judging, high point) must be turned in to the 4-H Office by August 15. Club leaders are responsible for seeing that this deadline is met. Exhibits are limited to 2 per lot.

1. Each exhibitor shall have owned and cared for the animal(s) exhibited since June 1 of the current year. The exceptions are market beef (March 1) or birds or animals born after June 1 and raised from birth by the member.
2. All animals must be entered at the Fair between the hours of 12 noon and 8 pm on Entry Day, Wednesday, Sept. 5. Small animals will be vet checked at the Fur and Feather Barn prior to entry. 3. Veterinarian may eliminate any animal from the Fair if not in show condition.
4. If a 4-H exhibitor cannot be excused from school on Entry Day, the animal can be entered, fed and watered by an adult until after school.
5. Livestock and horse barns will be sprayed and ready for decorations by 2 pm on Tuesday, Sept 4. All stall decorations must be completed prior to judging on Thursday.
6. Exhibitors are responsible for the feeding, watering, handling, tacking and stall/pen cleaning of their animal during Fair. An older member may assist a junior member, if needed. **Parents may not assist exhibitors!**
7. Exhibitors must provide watering cans, buckets or troughs for their animal.
8. Exhibitors must provide hay for their own livestock. Hay must be stored outside of the barn area, not in tack stalls.

10. Pens must be cleaned by 8:30 am each morning and the refuse disposed of as directed by the barn superintendents. No one will be admitted to the barns prior to 5 am each day. At the end of Fair, all stalls and pens must be cleaned out by the exhibitor. Failure to do so will result in forfeiture of premium money.
11. Wash racks will be available for grooming animals. Bring your own wash supplies. All horses must arrive at the Fair in show condition: Washed, clipped and trimmed.
12. If an exhibitor does not do fitting and showing with an animal, that animal will not go through the livestock sale.

FAILURE TO ABIDE BY THE RULES OF 4-H AND OF THE FAIR BY ANY MEMBER OR CLUB WILL RESULT IN FORFEITURE OF PREMIUM MONEY.

ADDITIONAL LIVESTOCK RULES

(Refer to General Animals Rules)

1. Exhibitors must have market animals pre-tagged & weighed to participate in the market animal classes & livestock sale at the fair. Exhibitors may choose not to pre-weigh their animals but this will exclude them from the rate of gain & supreme showman classes.
2. Rate of Gain Classes: All animals that are pre-weighed will be entered into the rate of gain class. This class is designed to encourage exhibitors to monitor & manage their market animal's gain throughout the production period. animals that don't make market weight will not qualify for this class or premium points.
3. Supreme Showman Class: All exhibitors who participate in market animal classes, fitting & showing classes, & Rate of Gain classes are entered into the supreme showman class. The supreme showman will be determined by an aggregate score from all three classes. Premium points will be awarded & a special prize will be awarded to the overall 4-H & FFA supreme showman.

4. **4-H members who are exhibiting Market Animals (beef, sheep, swine, and meat goats) must turn in a Producer Affidavit and Market Health Record for their animal at weigh-in. This is a Chelan County Fair rule as well as a 4-H rule! All Market Beef exhibitors must also submit a signed feed affidavit.**
5. All Market Animals will be weighed as they are unloaded from the truck. This weight will be the sale weight. No pencil shrinkage will be assessed. All market animals' minimum/maximum weights are shown in the Livestock Rules for Exhibitors page at the front of the premium book. The owner of animals that do not meet these weight requirements will have the choice of taking the animal home or showing in a non-market class. Animals that exceed weight requirements may be judged in the heavy weight class, **BUT THEY ARE NOT ELIGIBLE FOR GRANDS OR RESERVES AND WILL NOT BE ALLOWED TO GO THROUGH THE AUCTION.** *These weights are set by the meat packers.* The floor buyer will not accept overweight sheep or swine. They must be sold to private buyers only.
6. A member may only sell one market animal (beef, sheep, swine, or goat) through the auction.
7. A 4-H member must show their own animals in all classes, except where more than one animal is entered in a class. Additional animals may then be shown by another 4-H member who is in the same project. An exhibitor is allowed to show stock only in the project in which he is enrolled.
8. Sheep must be shorn 30 days prior to Fair.
9. **All sheep over 18 months of age (ewes, lambs, and wethers), all sexually intact sheep (rams and ewes including ewe lambs under 18 months of ages), and all sexually intact goats (bucks and does) going to a show, demonstration, or exhibition must have official identification.** Official identification for sheep is defined as 1)USDA issued ear tags with assigned flock identification number and individual animal serial number, 2) Legible ear tattoos with USDA assigned flock identification number and individual animal serial number (tattoo); 3) Ear tags and/or legible ear tattoo resulting from current active registration in the USDA Voluntary Scrapie Flock Certification Program. **All sheep other than wethers under 18 months of age will not be admitted to the fairgrounds without official identification.**
10. 4-H youth may show unaltered male breeding animals of the following ages: Beef bulls-born in current 4-H year, Rams-under 24 months, Swine Boars-under 6 months, Buck goats-under 6 months, Yearling equines-under 12 months, Llamas/Alpacas-under 24 months.
11. Horned animal rules: 1. Market steers must be polled or dehorned; healed or re-growth must be approved by the Superintendent. Horned breeding animals must have the horn tips covered as a safety precaution. 2. Horned non-dairy goats or sheep may be exhibited in 4-H showmanship/fitting and showing classes where animals are not exchanged between youth in the show ring. For a horned animal to be exhibited it must have its horn tips being covered. If the sheep or non-dairy goat has scurs (horn regrowth), these scurs cannot exceed 1" in length without the horn tips being covered. Non dairy horned goats and sheep may be shown in market and breeding classes but they must have horn tips covered as a safety precaution. A county may implement a more restrictive policy but not a less restrictive policy regarding the exhibition of horned sheep and goats. 3. No dairy animals with horns are permitted except in the Junior Heifer Calf Class. The definition of horns includes "scurs", "nubbing", or "stubs" that extend more than one inch beyond the skin. 4. BARN DUTY REQUIREMENTS FOR ALL 4-H ANIMALS

The primary purpose of Barn Duty is to safeguard the animals, the fair going public, and the tack and equipment left in the barns. Because the needs of each barn are different, the following minimum guidelines have been established:

HORSE

A responsible adult must be present in each Horse Barn during all regular fair hours. During horse showing, all 4-H horse club members should be at the Horse Arena unless they are participating in another contest or showing another animal. Club members, even those without horses, are encouraged to watch, assist, and cheer-on their fellow members. The same philosophy applies to all animal showing.

For this reason, Barn Duty in each Horse Barn will be assigned by Club in the following manner: Each club will be assigned a block of time during which their club will provide the "responsible adult". **The adult is not to perform herdsmanship at any time.** This means no adult may clean a stall at any time – **no exceptions.** Herdsmanship is the responsibility of the child. Club members are still responsible for taking care of their own horse, according to the Herdsmanship guidelines. The adult on Barn Duty is responsible for the safety of the horses, the public, and the tack. In the evening and on weekends when the barns are crowded, each club will provide one adult. Times will be established after the stall assignments are made. Barn Superintendents may allow small clubs to make arrangements with a neighbor.

ALL OTHER ANIMALS

Club members will sign-up for Barn Duty on rosters provided by the Superintendents in each Building. Clubs are expected to work cooperatively to see that herdsmanship requirements are met. This may mean that club members on Barn Duty will have to care for neighboring animals and exhibition space. Again, the goal is to safeguard the animal and the public while allowing club members to exhibit their animals and watch other club members do the same. However, in no case will herdsmanship be done by any adults.

The 4-H Round Robin competition is limited to 4-H intermediates and seniors due to safety issues. The grand and reserve grand winners in both age groups will advance to the Round Robin with their animals. If a competitor qualifies for Round Robin in both 4-H and FFA, the exhibitor must choose to participate in either 4-H or FFA competition. That exhibitor cannot participate in both. If an exhibitor wins grand or reserve grand in more than one species, that exhibitor will decide which species to move forward with. The vacancy will be filled with the next blue ribbon winner until 2 spaces are filled. If there are not 2 eligible winners, an animal will be selected by the judge or superintendent with the owner's permission. This same process will be used if a member declines to participate in the Round Robin. Intermediate and seniors will show at the same time, but will only compete in their division, not against each other. Each member will show a beef, sheep, swine, horse, and goat. A grand and reserve champion in each age division will be selected.
