

Recommendations from Wenatchee Biological Strategy:  
 1) Increase stream sinuosity and floodplain function from Ingalls Creek to mouth.  
 2) Restore flow from Camas Creek to mouth.  
 3) Other projects should be delayed until stream sinuosity and flows are addressed.

**Projects**

**Chelan County Fish Barrier Inventory**

- Unknown if Barrier
- ✕ Barrier

**Habitat Projects**

- ◆ Chelan County Conservation District Habitat Projects
- ◆ CMZ Projects
- ▲ Longview Fibre Projects
- ◆ SRFB Funded Projects
- Bureau of Reclamation Funded Projects
- DNR Projects
