

Regional Integrated Weed Control Project: Douglas, Chelan & Kittitas County RAC'S Title II – Biological Control Agent Request Form –

If you would like to be placed on a list to have biological control agents released on your land, please fill out this form in as much detail as possible and return it to WSU Douglas County Extension. Biocontrol agents are best released on large infestations without disturbance and herbicide/insecticide usage. The presence of livestock is fine. Biological control agents are provided at no cost to the landowner. For more information please contact Dale Whaley or go to <http://invasives.wsu.edu/index.htm>

Return this form to: Dale Whaley, WSU Douglas County Extension
P.O. Box 550, 203 S. Rainier St. Waterville, WA 98858
dwhaley@wsu.edu (509) 745-8531
