Project Vicinity Map

Project Number: County Road Project 663

Project Length: 0.51 miles

Basis for Project: Non-Motorized Facilities

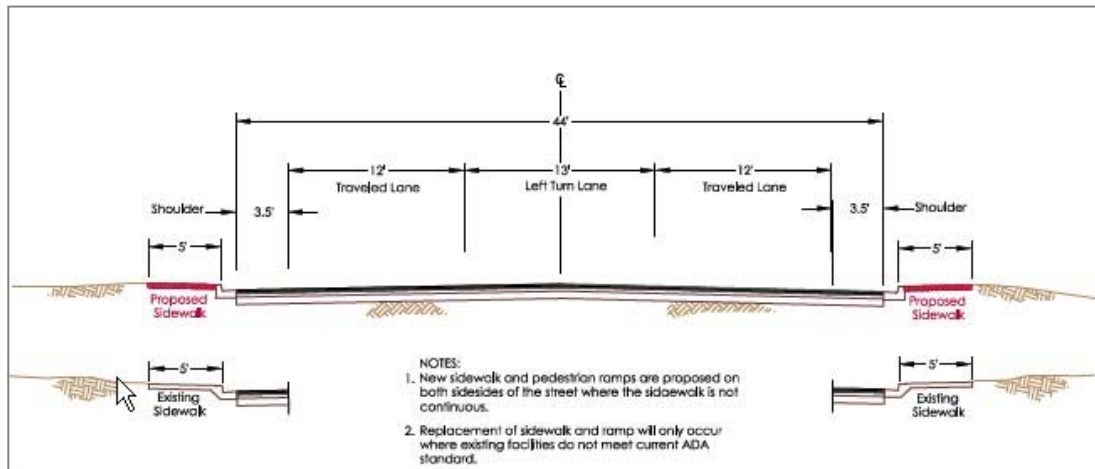

Construction: Started March 10, 2014

Project Description: This project installed sidewalk, pedestrian ramps and driveway entrances from Easy Street to Euclid Avenue on both sides of the street, where sidewalk was not continuous. Illumination at each intersection will also be installed. Replacement of sidewalk and ramps will only occur where existing facilities do not meet current ADA standards.

The preservation portion included a “mill-and-fill” along with adjusting utilities and permanent pavement markings.

Status: Project is complete.

Travel Impact: None.
