PREPARING YOUR APPEAL

Assessment year **2025** for Taxes payable in **2026** Please note that the petition must be filed or postmarked by July 1st, 2025, or Within 30 Days of the mailing date printed on your Notice of Value.

****Applications received after the deadline will be considered untimely and may not be considered by the Board unless the taxpayer requests and is granted a good cause waiver under WAC 458-14-056(3)(a-f) or requests and is granted a reconvene under WAC 458-14-127(1)(a-c).****

Information needed to file an appeal:

- A signed and complete petition (each parcel needs its own petition)
- A copy of your Notice of Value Letter
- Supporting documentation: If you're unable to obtain the additional information by due date, the petition can be submitted by itself. Additional relevant information can always be submitted after the petition is filed, **at a minimum of 21 business days before the hearing.**

After Filing:

Acknowledgement Letter:

You will receive an acknowledgement letter with an assigned petition number (ex. 2022-000), when your petition is considered complete. Refer to this number when referencing your petition in all correspondence sent to the Board of Equalization Clerk.

Assessor's Response:

You may also receive an Assessor's Response to your petition which will include their supporting documentation.

Hearings:

Your notice of hearing will be sent at least 45 days before the hearing. You can submit additional information/evidence up to 21 business days before the hearing. We currently hold hearings in the Conference Room at the Commissioners Office with a zoom option for those who are unable to attend in person.

Remember, the issue before the Board is the market value of your property consistent with Washington State's 100% market value standard. Accordingly, you will need to furnish evidence that demonstrates the Assessor's valuation exceeds your property's fair market value. The BOE cannot consider other properties' assessments, the amount of tax paid, percentage of increase of assessment, personal hardship, or other matters unrelated to the market value of your property

Successful Forms of Evidence Include:

Supporting Evidence:

- Comparable market sales and/or sales of the subject property.
- A recent fee appraisal by a certified professional appraiser adjusted to the assessment date. Enclose a **complete** copy of the appraisal report.
- Contractor estimates of cost to repair building or land defects
- Letters or documents from government agencies and/or experts regarding development limitations.
- Deeds describing easements that impact value
- Independent appraisals
- Photographs of features or conditions that you believe diminish your property's market value.
- Maps showing proximity to traffic areas, access limitations, etc.
- Maps showing the location of your property and the comparable sales properties.
- Undesirable features; wetlands, zoning etc.
- Facts that affect your property's market value that have not been considered by the Assessor or are incorrect.
- You must present **facts** to prove the properties you believe to be comparable to yours are really comparable. Simply providing the address and land or building size as evidence will not be adequate. Provide detailed information.

Comparable Sales

The best comparable are sales located in your neighborhood, with similar land and improvement features, which sold closest to the valuation date at issue.

- Realtors and title companies may also be a resource for comparable sales.
- Comparable properties do not have to exactly match your property.
- Look for sales that are most similar, note their differences, and identify superior and inferior property features

- Please include **the parcel number, address of property, date of sale & sale price.**

Market Timing

According to State law, the Assessor must base assessed valuations as of January 1st of each assessment year. Parties may submit and boards may consider any sales of the subject property or similar properties which **occurred prior to the hearing date** so long as the requirements of RCW [84.40.030](#), [84.48.150](#), and WAC [458-14-066](#) are complied with. Only sales made within five years of the date of the petition shall be considered.

Instructions for Petition to the County Board of Equalization for Review of Real Property Valuation Determination

All information in sections 1 – 4 must be completed (if applicable). The petition must be signed and dated.

Without this information, your Petition for Review

will not be considered complete.

1. Your account or parcel number appears on your determination notice, value change notice, and tax statement. If you are appealing multiple parcels, you must submit separate petitions for each parcel.
2. You may appeal the assessed value of the property. The assessed value is based on the true and fair value of the property. Check the box if you are requesting the information the assessor used to value the property.

Appeal of assessed value

To successfully appeal the assessed value of the property, you must show by clear, cogent, and convincing evidence the value established by the assessor is incorrect.

In section 3, you must list the reasons why you believe the assessed value is incorrect.

3. List the specific reasons for the appeal. Statements that simply indicate the assessor's valuation is too high or the amount of tax is excessive are not sufficient (WAC 458-14-056). The reasons must specifically indicate why you believe the assessed value does not represent the true and fair value of the property.

Note any other issues you believe are relevant to the value of your property. If your appeal concerns a comparison of your assessment relative to assessments of other properties, the board may determine if all of the properties are assessed at their true and fair value. The board is limited to determining the market value of property. Therefore, any adjustment to the assessed value of your property or other properties must be based on evidence of the true and fair value of the property.

4. Indicate if you are acting under a written Power of Attorney. This section need not be completed if the agent is an attorney-at-law.

Sign and date the petition.

Additional information to support your estimate of value may be provided either with this petition or prior to 21 business days before the hearing. You must also provide a copy of any additional information to the assessor.

The petition must be filed or postmarked by July 1 of the current assessment year or 30 days after the date of mailing of the change of value or other determination notice (up to 60 days in those counties that the Legislative Authority has extended the deadline). If filing after July 1, a copy of the determination notice must be attached to this petition.

One original signed petition and one copy (including all attachments) should be filed with the County Board of Equalization in the county where the property is located.
