

WAC 197-11-970 - Determination of Non-significance (DNS)

Date of Notice: June 11, 2024

Lead Agency: Chelan County Public Works Department

Project Location: The Totem Pole Road Improvement Project is located in Manson, WA. Phase 1 is located along Totem Pole Road from approximately 200 feet north of Green Avenue south to Manson Boulevard and continuing from Manson Boulevard down Harris Avenue to Lake Chelan. Township 28 North, Range 21 East, Section 35.

Project Description: For Phase 1 of the Totem Pole Road Improvement Project, between Green Avenue and Manson Boulevard, Totem Pole Road is proposed to be widened to 40 feet, which includes sidewalk and bike lane on both sides of the roadway and two 11-foot travel lanes. Between Manson Boulevard and Lake Chelan, only the pavement on Harris Avenue will be replaced.

In addition, this phase proposes to collect runoff from Totem Pole Road via new catch basins and a new stormwater mainline ranging from 12- to 48-inches in diameter. The existing underground stormwater system, consisting of pipes and catch basins at Wapato Way and continuing down Harris Avenue, will be replaced with larger diameter pipes and additional catch basins. A water quality treatment facility and a new stormwater outfall into Lake Chelan will be constructed.

No in-water work or work below the ordinary high water line of Lake Chelan is proposed. Right-of-way acquisition and/or temporary construction easements may be required for this phase of the project.

Mitigation Measures: Mitigation measures have been proposed that reduce impacts to surface water, water quality, spill prevention, and other worksite activities.

Supporting Information: Information used to reach this determination is available for public review at Chelan County Public Works office located at 316 Washington Street, Suite, 402, Wenatchee, WA; or limited information on the Chelan County Public Works homepage, under Construction Projects; or by following: <http://www.co.chelan.wa.us/public-works/pages/capital-projects>

Decision: The lead agency for this proposal has determined that it does not have probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

- There is no comment period for this DNS.
- This DNS is issued using the optional DNS process in WAC 197-11-355.
- This DNS is issued under WAC 197-11-340(2), the lead agency will not act on this proposal for a minimum of 14 days from the signature date below.

Comments must be submitted by July 2, 2024 by 5:00 P.M.
