Sheriff Brian Burnett is excited to announce a new featured addition to the Chelan County Sheriff's Office Website. We now offer an anonymous way to submit crime tips. Every citizen can access this feature by simply clicking on the following link: <http://www.co.chelan.wa.us/so/default.asp>. Here you will find an electronic form for submitting information regarding suspicious, nuisance and criminal activity directly to the Chelan County Sheriff's Office. You may include your contact information if you are requesting or requiring further information.

The "Submit a tip" is not meant to take the place of reporting crimes in progress or situations that require emergency services. If you need to report an emergency situation, please remember to dial 9-1-1 from your phone immediately.

All tips are received by a Sheriff's Office employee and distributed to the proper Unit/Division based on the type of crime being reported.

Also as a reminder, the Sheriff's Office has a newly created Facebook page, only a few weeks old which can be accessed from the main webpage.
